

SMART ALERT TECH

A NEW SMART MONITORING SYSTEM

Smart Alert Tech is designed to keep check of your loved ones so you don't have to worry. Our patent pending product is a simple and unobtrusive way to monitor your loved one's daily life and only be alerted to interruptions in their routine.

PEACE OF MIND

Determine your loved one's schedule and pick a device you know is used with regularity. Download our App, pair the plug, and set an alarm. Only receive a push notification if there's a change in their daily pattern.

SUBSCRIPTION FREE

No more costly monthly monitoring services. For a one time fee, families can take comfort and have peace of mind from any where, any time.

ENDLESS COMPATIBILITY

Our Wi-Fi enabled plug can work with virtually any household electronic device. Pick a device that is used in daily life and pair it with our Smart Plug.

NOT JUST ANY SMART PLUG

Although our Smart Plug does have many of the same features as traditional models, our dedicated App and new functionality make Smart Alert Tech an exciting new option to keep your family safe.

OFFLINE NOTIFICATIONS

If there is an interruption in service, such as a loss of power, Wi-Fi or the plug becomes detached, you will receive a notification alerting you to the problem.

VIRTUAL ACCESS

Change alert times, power on/off, set vacation timers, check electricity usage and more, from any where in the world. Grant access to additional family members, friends or care givers through the App.
